PARTNERS IN THE COMMUNITY

Crop Production Services (CPS) works in partnership with local organizations to strengthen and grow rural communities. We live and work in hundreds of communities across Western Canada providing not only valued products and services, but employment opportunities and support to local initiatives. We strive to be good neighbours - protecting, growing and enriching communities where we operate.

Proud to be part of the communities we work in and service, CPS is offering two fundraising opportunities throughout the year for not-for-profit community teams, clubs, schools and other organizations.

“This is hands down the best fundraiser the kids have done! Thank you so much!” - Lisa Anderson, Central Alberta

HOW TO GET INVOLVED?

1. Determine the opportunity your not-for-profit organization wishes to be involved with.
2. Work with your local CPS retailer for all opportunity details.
3. Get your organization on board for a fun and successful selling event!
